

Katuramu Albert Nyakahuma
-Board Member-

Katuramu Albert has seventeen years of professional experience in the non-profit arena specializing in agribusiness, pest surveillance and control, and rural development. Since 2012, he has held the position of the Projects Manager in the Natural Plant Products Unit at Uganda Industrial Research Institute.

Albert is currently pursuing a PhD in Agricultural and Rural innovations. He holds a master of Arts degree in international business from Amity University, India, a masters in Agribusiness management from Makerere University, a post graduate diploma in Public administration and management from Uganda Management Institute, a certificate in integrated pest management from Egyptian International Centre for Agriculture, EICA, Cairo and a Bachelor of science degree in Agriculture from Makerere University.

As a multi-faceted leader and thinker, Albert is proud to have volunteered for Joint Effort to Save the Environment (JESE) in a multi-cultural setting. His work profile proves his innovative approach to problem solving and his outstanding ability in organizational management. With his further in-depth technical knowledge in agribusiness investment and development, he will highly contribute to JESE's efforts in targeting improved livelihoods through ensuring food security and income generation.
